Basis for nomination

Please attach to this form a statement of support and reflection in no more than 600 words on the nominee's suitability for this award. Applicants will be selected based on their contribution to safety through any of the following:

- sustained contribution to railway safety over a significant period such that it positively influences rail safety in New Zealand
- exceptional measurable improvement in safety within an organisation
- leadership in promoting and encouraging safety values across New Zealand's rail industry
- significant leadership of safety for a railway project, activity or major event
- contribution of a safety innovation which has resulted in a sustainable rail safety improvement.

I confirm that the nominated individual is suitable for an award.
